STATEMENT OF PURPOSE FOR CHANGE OF COURSE

To whom it may concern,

My name is _____, and I am a student of [institution name] pursuing [current course name] from [date of joining]. I am writing this statement to change my course to [intended course], and I am stating my reasons for the same for your perusal.

As a Civil Engineer with sufficient professional experience in the field, I have observed that Project Management is a vital aspect to understand how to execute projects in the Construction industry efficiently. The field is a vast and complex one that includes the management of a large number of resources to accomplish the targeted results. The study of Project Management promises to find the best solutions for this. I had received an introduction to it during my graduation as it was a module in my prescribed curriculum, and my professional responsibilities added to it. All of these initiated my interest in pursuing a postgraduate program in Project Management as it will give me a significant advantage in my future endeavours.

At this juncture, I would like to state that my background in Civil Engineering will help me immensely to acclimatize to the Project Management program offered by your university. I have conducted much research about this particular program, and I am certain that this will be the right platform for me to augment my abilities in Project Management. The courses offered by your university, such as [give details about the course], are well-suited to my purposes. I am confident that under the tutelage of the experienced faculty, I will be able to develop my abilities further. [You can add another paragraph about why do you wish to study in this particular institution]

Course Change SOP Sample

After the successful completion of the program, I plan to use my cumulative knowledge to establish a career as a Project Manager and Planning Engineer in learning Civil Engineering companies in my home country. Economies all over the globe require highly skilled professionals who will be able to manage operations effectively. It is the same for my chosen field of Civil Engineering as well and this degree will strengthen my profile significantly. This will enable me to implement international standards and pursue innovation in all my professional roles and responsibilities.
